PROFESSIONAL SUMMARY

IT Support and Systems Specialist with a B.Sc. in Software Engineering and Unix/Linux systems training from 42 Abu Dhabi. Proven track record in rapid on-site incident resolution, hardware provisioning, network connectivity troubleshooting, and maintaining 100% operational uptime under high-pressure conditions (Ticketmaster). Fluent in Arabic and English with strong end-user communication skills.

TECHNICAL SKILLS

IT Support & Operations: Hardware provisioning, ticketing scanners, peripheral setup, workstation configuration (Windows, Linux, macOS), SLAs

Networking & Connectivity: LAN/WLAN troubleshooting, TCP/IP, DNS, DHCP, VPN, port verification, connectivity audits, router/switch basics

Software & Tools: Application setup, browser debugging, OS patching, basic SQL queries, Python automation, Git, issue ticketing

Systems & Admin: Linux/Unix (CLI, permissions, process management), Bash automation scripts, user access control, system diagnostics

Security & Compliance: System health checks, malware mitigation, credential management, access policies, Cybersecurity CTF finalist

Languages & Interpersonal: Arabic (Native), English (Professional), patient user communication, technical documentation, high-pressure triage

PROFESSIONAL EXPERIENCE

IT Support & Technical Staff, *Ticketmaster* 12/2025

- Provisioned and deployed specialized entry ticketing hardware and access scanners for a high-volume international event.
- Served as on-site technical point of contact, delivering rapid incident resolution under strict SLAs, maintaining 100% operational uptime for access points throughout the event.
- Performed pre-event connectivity audits, network latency verification, and real-time hardware health checks.

QA & Software Tester, *42 Abu Dhabi* 01/2026

- Conducted functional, regression, and cross-browser UI testing on internal student platforms; authored detailed reproduction bug reports with exact steps and screenshots to help technical teams isolate and resolve defects.

Technical Mentor & IT Support, *Department of Education and Knowledge (ADEK)* 07/2026 – 08/2026

- Resolved workstation environment setup failures, dependency conflicts, network configuration issues, and software setup hurdles for participants across intensive technical workshops.

Software Engineering Intern, *Timex IT Consulting* 01/2024 – 04/2024

- Supported software release rollouts by identifying, documenting, and verifying functional defects on proprietary client enterprise software; built C# MinimalAPI CRUD endpoints with request validation.

SYSTEMS & TECHNICAL IMPLEMENTATIONS

42 Intra Logtime Calculator, *published browser extension* 2026

Chrome Web Store: chromewebstore.google.com

- Published browser extension (19 KB, 60+ users, 5.0★ rating) delivering client-side date-range calculations with zero downtime and cross-platform compatibility across legacy and modern layouts.

Student-Faculty Services Platform 2026

Live build: student-faculty-services-v2.infinityfree.io

- Configured and deployed a full-stack client-server system with user authentication, role-based access control, automated email reminder dispatch, and 500+ automated regression tests.

Unix Systems Utilities, *42 Abu Dhabi* 2024 – 2025

- Engineered low-level Unix utilities in C and Bash, handling process management, file descriptors, terminal I/O, and socket-level network communication.

EDUCATION & CERTIFICATIONS

B.Sc. in Software Engineering, *Al Ain University*

Computer Science Diploma, *42 Abu Dhabi*

MOEI × 42 Abu Dhabi AgentEra Hackathon, *Honoree*

CyberQ CTF, Top 10 Finalist, *UAE Cybersecurity Council*

Hack The Box University CTF, *Top 12% (119/1,014 teams)*

RecognAIze Hackathon, *AI on Watch with Datamind*

Languages: Arabic (Native), English (Professional Proficiency)
